

## Bureau of Land Management, Interior

## § 2521.3

U.S.C. 121-123), if otherwise qualified to enter as a personal privilege not assignable, an additional tract of desert land, providing such additional tract shall not, together with the original entry, exceed 320 acres. Applicants and entrymen under the Act of June 16, 1955, are subject to, and must comply with, all the regulations of this part, including the acreage limitations of § 2520.0-8(b).

### § 2521.2 Petitions and applications.

(a) *Filing and fees.* (1) A person who desires to enter public lands under the desert land laws must file an application together with a petition on forms approved by the Director, properly executed. However, if the lands described in the application have been already classified and opened for disposition under the desert land laws, no petition is required. The documents must be filed in the proper office (see § 1821.2-1 of this chapter).

(2) All applications must be accompanied by an application service fee of \$15 which is not returnable, and the payment of 25 cents per acre for the lands therein described as required by law.

(b) *Post-office addresses of applicants and witnesses.* Applicants and witnesses must in all cases state their places of actual residence, their business or occupation, and their post-office addresses. It is not sufficient to name only the county or State in which a person lives, but the town or city must be named also; and where the residence is in a city the street and number must be given. It is especially important to claimants that upon changing their post-office addresses they promptly notify the authorizing officer of such change, for in case of failure to do so their entries may be canceled upon notice sent to the address of record but not received by them.

(c) *Execution of applications and proofs; time for filing of applications.* (1) Applications and proofs, except final proofs required by R.S. 2294 (43 U.S.C. 254), must be signed by the applicants but need not be under oath. Final proofs may be executed before any officer authorized to administer oaths in public land cases, as explained by § 1821.3-2 of this chapter.

(2) An application to make desert-land entry is not acceptable if dated more than 10 days before its filing at the land office.

(d) *Evidence of water rights required with application.* No desert-land application will be allowed unless accompanied by evidence satisfactorily showing either that the intending entryman has already acquired by appropriation, purchase, or contract a right to the permanent use of sufficient water to irrigate and reclaim all of the irrigable portion of the land sought, or that he has initiated and prosecuted, as far as then possible, appropriate steps looking to the acquisition of such a right, or, in States where no permit or right to appropriate water is granted until the land embraced within the application is classified as suitable for desert-land entry or the entry is allowed, a showing that the applicant is otherwise qualified under State law to secure such permit or right. If applicant intends to procure water from an irrigation district, corporation, or association, but is unable to obtain a contract for the water in advance of the allowance of his entry, then he must furnish, in lieu of the contract, some written assurance from the responsible officials of such district, corporation, or association that, if his entry be allowed, applicant will be able to obtain from that source the necessary water. The authorizing officer will examine the evidence submitted in such applications and either reject defective applications or require additional evidence.

### § 2521.3 Assignment.

(a) *Lands which may be assigned.* While by the Act of March 3, 1891 (26 Stat. 1096; 43 U.S.C. 329), assignments of desert-land entries were recognized, the Department of the Interior, largely for administrative reasons, held that a desert-land entry might be assigned as a whole or in its entirety, but refused to recognize the assignment of only a portion of an entry. The Act of March 28, 1908, however, provides for an assignment of such entries, in whole or in part, but this does not mean that less than a legal subdivision may be assigned. Therefore no assignment, otherwise than by legal subdivisions, will

be recognized. The legal subdivisions assigned must be contiguous.

(b) *Qualifications of assignees.* (1) The Act of March 28, 1908, also provides that no person may take a desert-land entry by assignment unless he is qualified to enter the tract so assigned to him. Therefore, if a person is not at least 21 years of age and, excepting Nevada, a resident citizen of the State wherein the land involved is located; or if he is not a citizen of the United States, or a person who has declared his intention to become a citizen thereof; or, if he has made a desert-land entry in his own right and is not entitled under § 2521.1 to make a second or an additional entry, he cannot take such an entry by assignment. The language of the act indicates that the taking of an entry by assignment is equivalent to the making of an entry, and this being so, no person is allowed to take more than one entry by assignment, unless it be done as the exercise of a right of second or additional entry.

(2) A person who has the right to make a second or additional desert-land entry may exercise that right by taking an assignment of a desert-land entry, or part of such entry, if he is otherwise qualified to make a desert-land entry for the particular tract assigned.

(3) The Act of March 28, 1908, also provides that no assignment to or for the benefit of any corporation shall be authorized or recognized.

(c) *Showing required of assignees; recognition of assignments.* (1) As evidence of the assignment there should be transmitted to the authorizing officer the original deed of assignment or a certified copy thereof. Where the deed of assignment is recorded a certified copy may be made by the officer who has custody of the record. Where the original deed is presented to an officer qualified to take proof in desert-land cases, a copy certified by such officer will be accepted.

(2) An assignee must file with his deed of assignment, a statement on a form approved by the Director, showing his qualifications to take the entry assigned to him. He must show what applications or entries, if any, have been made by him or what entries assigned to him under the agricultural

public land laws, and he must also show his qualifications as a citizen of the United States; that he is 21 years of age or over; and also that he is a resident citizen of the State in which the land assigned to him is situated, except in the State of Nevada, where citizenship of the United States only is required. If the assignee is not a native-born citizen of the United States, he should also furnish a statement as to his citizenship status in accordance with subpart 1811 of this chapter. If the assignee is a woman, she should in all cases state whether she is married, and if so, she must make the showing required by subpart 1811 of this chapter. Desert-land entries are initiated by the payment of 25 cents per acre, and no assignable right is acquired by the application prior to such payment. (6 L.D. 541, 33 L.D. 152.) An assignment made on the day of such payment, or soon thereafter, is treated as suggesting fraud, and such cases will be carefully scrutinized. The provisions of law authorizing the assignment of desert entries, in whole or in part, furnish no authority to a claimant under said law to make an executory contract to convey the land after the issuance of patent and thereafter to proceed with the submission of final proof in furtherance of such contract. (34 L.D. 383.) The sale of land embraced in an entry at any time before final payment is made must be regarded as an assignment of the entry, and in such cases the person buying the land must show that he possesses all the qualifications required of an assignee. (29 L.D. 453.) The assignor of a desert-land entry may execute the assignment before any officer authorized to take acknowledgements of deeds. The assignee must furnish a statement on a form approved by the Director as to his qualifications.

(3) No assignments of desert-land entries or parts of entries are conclusive until examined in the proper office and found satisfactory and the assignment recognized. When recognized, however, the assignee takes the place of the assignor as effectively as though he had made the entry, and is subject to any requirement that may be made relative thereto. The assignment of a desert-

land entry to one disqualified to acquire title under the desert-land law, and to whom, therefore, recognition of the assignment is refused by the authorizing officer, does not of itself render the entry fraudulent, but leaves the right thereto in the assignor. In such connection, however, see 42 L.D. 90 and 48 L.D. 519.

(4) All applications for recognition of assignment of desert-land entries must be accompanied by an application service fee of \$10 which will not be returnable.

### § 2521.4 When lands may be sold, taxed, or mortgaged.

(a) After final proof and payment have been made the land may be sold and conveyed to another person without the approval of the Bureau of Land Management, but all such conveyances are nevertheless subject to the superior rights of the United States, and the title so contained would fall if it should be finally determined that the entry was illegal or that the entryman had failed to comply with the law.

(b) Lands embraced in unperfected desert-land entries are not subject to taxation by the State authorities, nor to levy and sale under execution to satisfy judgments against the entrymen, except as hereinafter set forth in this section.

(c) Lands embraced in desert-land entries within an irrigation district which the Secretary of the Interior has approved under the Act of August 11, 1916 (39 Stat. 506; 43 U.S.C. 621-630), may be taxed and otherwise dealt with as provided by said act, and lands in desert-land entries within irrigation projects constructed under the Reclamation Act may be taxed as provided for by the Act of June 13, 1930 (46 Stat. 581; 43 U.S.C. 455, 455a-455c).

(d) A desert-land entryman may, however, mortgage his interest in the entered land if, by the laws of the State in which the land is situated, a mortgage of land is regarded as merely creating a lien thereon and not as a conveyance thereof. The purchaser at a sale had for the foreclosure of such mortgage may be recognized as assignee upon furnishing proof of his qualifications to take a desert-land entry by assignment. Transferees, after

final proof, mortgagees, or other encumbrancers may file in the proper office written notice stating the nature of their claims, and they will thereupon become entitled to receive notice of any action taken by the Bureau of Land Management with reference to the entry.

(e) The filing of all notices of recordation of claim by transferees, mortgagees or other encumbrancer under this section must be accompanied by a service charge of \$10 which will not be returnable.

### § 2521.5 Annual proof.

(a) *Showing required.* (1) In order to test the sincerity and good faith of claimants under the desert-land laws and to prevent the segregation for a number of years of public lands in the interest of persons who have no intention to reclaim them, Congress, in the Act of March 3, 1891 (26 Stat. 1096; 43 U.S.C. 327, 328) made the requirement that a map be filed at the initiation of the entry showing the mode of contemplated irrigation and the proposed source of water supply, and that there be expended yearly for 3 years from the date of the entry not less than \$1 for each acre of the tract entered, making a total of not less than \$3 per acre, in the necessary irrigation, reclamation, and cultivation of the land, in permanent improvements thereon, and in the purchase of water rights for the irrigation thereof, and that at the expiration of the third year a map or plan be filed showing the character and extent of the improvements placed on the claim. Said act, however, authorizes the submission of final proof at an earlier date than 4 years from the time the entry is made in cases wherein reclamation has been effected and expenditures of not less than \$3 per acre have been made.

(2) Yearly or annual proof of expenditures must consist of the statements of *two or more credible witnesses*, each of whom must have general knowledge that the expenditures were made for the purpose stated in the proof. Annual proofs must contain itemized statements showing the manner in which expenditures were made.

(b) *Acceptable expenditures.* (1) Expenditures for the construction and maintenance of storage reservoirs,
